CITY CLERK

Neil,

I do not recall that question being asked during the meeting last week. We do not have a report for that specific information so it will take awhile to compile.

We can also gather the legal fees information which was paid from the wastewater utility find. I believe we have answered this question before but I will provide the information again.

Thanks Leslie

This is the total received so far from work done in 2015 for other communities and our current contracts with Riley and West Terre Haute. Please let me know if you have any other questions.
