****External Email. - Think Before You Click**** --
Help Desk

Michelle, please pass this on to the Council members:

Dear Council Members,

We want you to know how much our neighborhood group appreciate all of the thoughtful deliberations you made in the rezoning of 1930 S Center. We felt that you each voted in what you believed to be in the best interest of the neighborhood. Thank you for not passing the rezoning petition.

You have probably heard that the petitioner ignored the Council's decision and opened the business on Friday. Throughout the day, 13 cars were observed and they all parked on the street. We understand and appreciate that the City will be addressing this disregard for the zoning ordinance.

Thanks for all you do!

Susan & Michael Tingley
