CITY CLERK

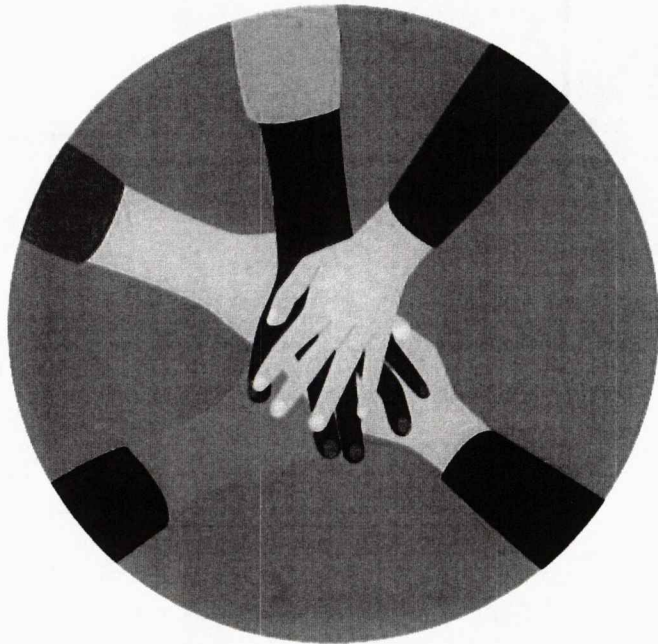

Management

Staffing and repairs
required for safety and
upkeep.

HOW

Involve Terre Haute business
and community

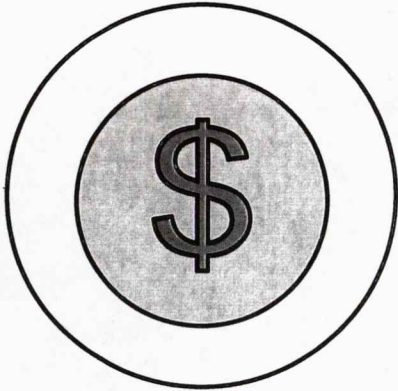

OUR STEPS
TO A
LIVED

Costs

Turbines themselves: \$60,000

Each one of these turbines will decrease the cost the present electrical bill by \$25,000.

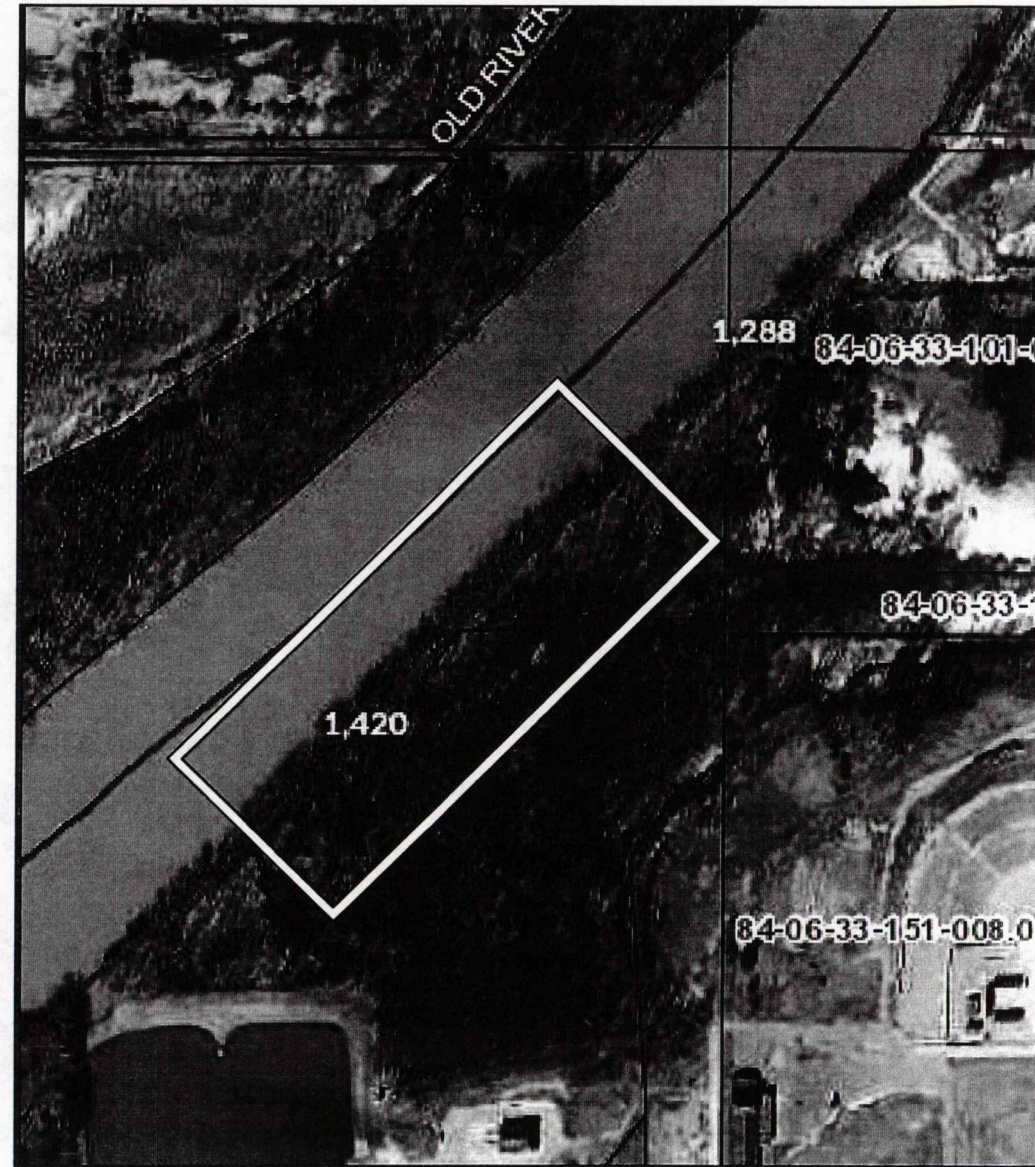

Land Usage

Asking for 1,000 ft of land directly behind the mill

Minimal Scarring

Minimal Noise Pollution

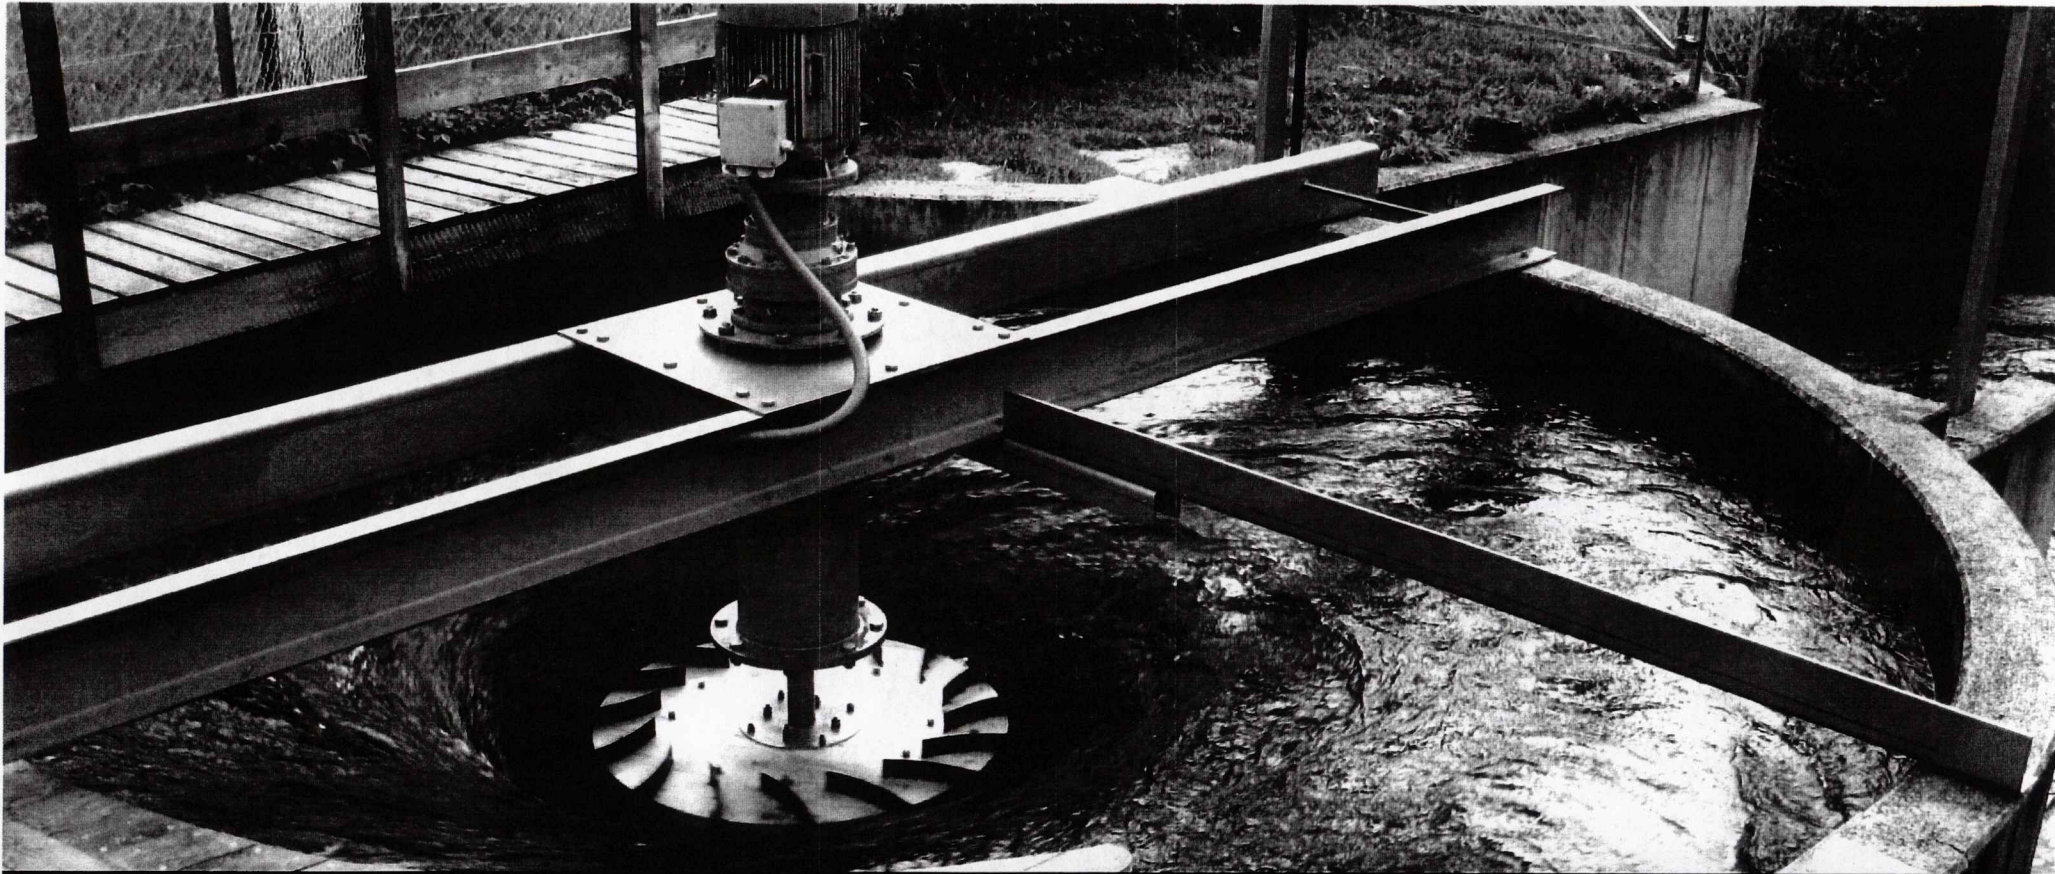

Why

Efficient, Eco Friendly Savings

This system can remove
taxation for electricity in
the Crossroads of America
