Hi fellow council members,

I met yesterday with representatives of City Engineering and CHA, the firm designing our new Main Lift Station. They have scheduled a workshop for this coming Tuesday afternoon, which we are invited to.

If any of you are available, please join us for part or all of the workshop. It will be held at the Wastewater Treatment Plant from 12:15 until 4:30 (see attached agenda). Up to four of us can attend; I will be there from 12:15 until 2:45.

Thanks!

Todd

Subject: Main Lift Station - Value Engineering Workshop

We have finalized the agenda for the Workshop on Tuesday. The schedule has been modified slightly based on feedback from a number of attendees.

We will begin after lunch at 12:15 and plan to be finished by 4:30.

A preliminary copy of the agenda is attached. We will have hard copies for distribution Tuesday afternoon.
