Subject: Wabash Valley Base Community Council

Would any council member like to sit on the board of the Wabash Valley Base Community Council this year? Board meetings are once a month, and at noon I believe. Shelley Klingerman is the executive director, and has asked if we would like to have a council member sit on their board. I would of liked to have done this myself, but my schedule will not allow me. The group was created to bridge our local military and our business community. Please let me know as soon as possible if you are interested. Thanks!
