- Helpdesk

Hello City Council,

My name is Collin James and I believe in care, not cages. I would like to see my tax dollars go to actually helping people in need, rather than locking them over and over again. Jail is not rehab. Jail is not therapy. Jail is not a home. Without rehabilitation services, mental health services, and homelessness intervention, the new jail will just become overcrowded like the current one.

I urge you all to consider treating the people in our community, instead of locking them in a cage to suffer more.

Thank you,

Collin James

714 S 8th st
