

In signing my name below, I officially submit—in writing—my **opposition** to the rezoning of the adjacent lot (Parcel ID 84-06-28-479-002.000-002) directly South of the former church on S. 6th Street and Washington. Next Step Foundation plans to build a new women's dormitory, offices, and café. This proposed *new, commercial construction*, and its associated rezoning request, is in opposition to the priorities and very nature of a nationally registered historic district that is *residential*.
