Good morning City Council Members

Paragraph Text*: I strongly oppose the proposed zoning change for the property located at 619 Washington Ave. I purchased my home on South Center Street three years ago, and began the arduous task of renovating this lovely Victorian house. The proposed zoning change will devalue my investment in my home and will certainly diminish its property value. Farrington's Grove is a National Historic Register District. The construction of a patient dormitory and cafe is not consistent with the historic values of our neighborhood. This facility will potentially increase criminal activity in the area, cause loss of property values, and will diminish our quality of life. There are plenty of vacant commercial properties in Terre Haute that could easily be renovated to meet the needs of a Women's Recovery Center and Cafe. Please do not alter the current zoning of our neighborhood.

Thank you,

Sara Sanders
