**Paragraph Text\*:**

Members of the Council. The 2009 Collett Park Vicinity Plan prepared for the City and County Area Planning specifically states that the goal of the Collett Park Neighborhood should be to increase single family residence and lessen the ease by which residentially zoned properties may be rezoned. At the previous Council meeting, an investor who had recently bought the historic property adjacent opposed the rezoning with good reason. Their intention is to restore the historic property to a state of period correctness. This is specifically included in the Collett Park Vicinity Plan as desirable and encouraged. I oppose the rezoning. There are currently 2 large sober living facilities now operating in the neighborhood and the addition of a parolee house indicates a development trend in the wrong direction for the Collett Park neighborhood. Thank you.
